

# ARMORED DOME HD187i INDUSTRIAL SERIES

**MAGNETIC MOUNT**  
No Welding/Bolts Required

The HoistCam™ HD187i is a cost effective design, High Definition (HD), which is wired into external power source such as an external battery pack. HoistCam places the eyes of the crane operator anywhere on the job. Safety is increased, and efficiency improved by making instant visual information available to those who need it.
